

## CORRESPONDENCE.

### SUMMIT.

August 24, 1904.

S. C. Hulet, Jr., left for Salt Lake City last Monday morning, as a delegate to the republican state convention.

Road Supervisor Benson has been working on the road at the big hollow below the Winn farm today. The recent storms washed out the road at that point, making it almost impassible.

### THE TRAVELING LIBRARY.

We are pleased to report that Mrs. Tweedie now has the six neat little boxes for the traveling library books. Each box will contain ten neatly bound volumes, which will be distributed among the six wards of the Parowan stake. At the end of every three months the boxes will be changed from one ward to another, thereby giving the members of each association the privilege, in time, of reading all of the books in the library.

### RULES.

The following rules will govern the handling and use of the traveling library. They have been approved by President Jones, as well as by the stake board of the Y. L. M. I. A.:

1. No one but members of the Y. L. M. I. A. shall be allowed to draw books.
2. Not more than one book to be drawn and kept in a family at one time.
3. Books must not be kept longer than two weeks, but may be returned and redeemed for one week longer.
4. No books to be lent by a member to another member.
5. Each member to be responsible for the book she draws.

### FINES FOR BREAKING RULES.

1. Any member destroying a book or losing it shall pay to the local librarian the full value of the book.
2. For tearing a leaf out and destroying it, shall pay one-fourth of the book's value.
3. For tearing a book, one-tenth of the book's value.
4. For every dirty spot or finger mark, five cents.
5. For tearing off corner, one-half the price of book.
6. For keeping a book longer than the time prescribed in these rules, five cents each day until the book is returned.
7. Any member refusing to comply with these rules shall not be allowed to draw books.

BARBARA TWEEDIE,

Stake Librarian.

A Warning to Mothers.

Too much care cannot be used with small children during the hot weather of the summer months to guard against bowel troubles. As a rule it is only necessary to give the child a dose of castor oil to correct any disorder of the bowels. Do not use any substitute, but give the old-fashioned castor oil, and see that it is fresh, as rancid oil nauseates and has a tendency to gripe. If this does not check the bowels give Chamberlain's Colic, Cholera and Diarrhoea Remedy and then a dose of castor oil, and the disease may be checked in its incipency and all danger avoided. The castor oil and this remedy should be procured at once and kept ready for instant use as soon as the first indication of any bowel trouble appears. This is the most successful treatment known and may be relied upon with implicit confidence even in cases of cholera infantum.

176 Warren Avenue,  
CHICAGO, ILL., Oct. 22, 1902.  
For nearly four years I suffered from ovarian troubles. The doctor insisted on an operation as the only way to get well. I, however, strongly objected to an operation. My husband felt disheartened as well as I, for home with a sick woman is a disconsolate place at best. A friendly druggist advised him to get a bottle of Wine of Cardui for me to try, and he did so. I began to improve in a few days and my recovery was very rapid. Within eighteen weeks I was another being.

Mrs. Stowe's letter shows every woman how a home is saddened by female weakness and how completely Wine of Cardui cures that sickness and brings health and happiness again. Do not go on suffering. Go to your druggist today and secure a \$1.00 bottle of Wine of Cardui.
